

## [ FACING IT ]

We couldn't choose just one: our four favorite facials

### » SKIN CARE TREATMENT

Static Salon  
White Plains

Julie Pipolo works wonders with mature skin. After a pampering facial using the ultra-gentle, pure, and yummy-smelling Circuit skincare line (used by Kate Hudson, Marcia Cross, Natalie Portman, and Paris Hilton), she gently dermaplanes the skin to reveal fresher, younger-looking skin. Bonus: the process also banishes peach fuzz (and no, it doesn't grow back all stubbly). Her many repeat clients call Pipolo "the Fuzz Buster."

### » TEMPORARY FACELIFT

Devra Bader Skin Care and Beauty Spa  
Scarsdale  
(914) 725-1158

What do you do before you meet your ex's new squeeze or attend your 20th high school reunion? Head over to Devra Bader's for the Hydrolift Facial, a temporary non-surgical facelift. This luxurious treatment leaves skin so fully hydrated that all fine lines are plumped out and skin looks amazing—an instant, visible improvement that lasts about a week.

### » MOST TRANSCENDENTAL

Monteverde Spa  
Cortlandt Manor  
(914) 372-1212  
[www.monteverderestaurant.com](http://www.monteverderestaurant.com)

Spa Director Robin Queen believes that skin treatments should not be simply cosmetic, but should actually help "renew from within." So Monteverde's Signature Renewal Facial combines traditional cleansing and hydrating with all-organic products, along with New Age treatments to cure whatever ails you. Have a wicked knot in your neck? They'll do a little cranial sacral massage. Stressed out? Maybe a little Reiki energy work or guided imagery to balance your chakras. Just lay back and float away—it's a total out-of-body experience!

### » EUROPEAN

Eiluj a Beauty Lounge  
Katonah  
(914) 232-2227

Simin Roofeh loves, loves, loves what she does, and we love her for it. Trained in Germany and formerly with a New York City dermatologist, Roofeh customizes each facial according to her customers' needs. Eiluj owner Julie Cuomo interviewed dozens of aestheticians before striking gold with Roofeh. Her devoted clients call her facials "positively reviving," plus she is skilled at the ancient art of threading, a less damaging method of hair removal. Added bonus: Eiluj is like a high-end candy store for women, filled with potions, lotions, and lots of beauty baubles.
